

THE CROWN

A Two-Player Narrative Game about Leadership & Choice

GAME CONCEPT

Two players experience the same world and story

Progress is shaped by player decisions, not scores.

Choices affect characters, environments, and the ending

Focuses on reflection rather than competition

GENRE & PLATFORM

Genre: Narrative Adventure / Decision-Based Game

Perspective: 2D or 3D

Players: 2 (Local Multiplayer)

Platform: PC (Windows)

WHO IS WORTHY OF POWER?

Power is not inherited or taken— it is earned through choices.

STORY & SETTING

A king near death refuses to choose his successor.

Instead, he places his twin children through a symbolic journey across the kingdom.

The world reflects social, moral, and personal dilemmas.

The king observes silently as his twins reveal who they truly are.
